One of the most sought after personal goals at the Larison Rock HillClimb, as well as several other NHA events is getting into the under 2 club if you ever get the chance to run the timer, one of the most fun times is watching a car that is just around the corner, and the clock is still under 120 seconds and seeing if then can beat the magic 120 seconds.

The list of members, arranged by time and class, with each member listed additionally each time they managed it in a different class, shows that pure race cars, (formula cars and sports racers) have the first 18 spots. Of course the Hill record holder, Kenny Richens is at the top of the list, with Susan Hagaman number 2 and the fastest lady on the list.

The fastest "door slammer" is the Ford Falcon of Dave Heppler, who did a 114.251. The fastest Street Prepared Car was Tom Kotzian, who had a 115.088 in his Z06 Corvette. There haven't been any Stock class cars yet to break the 2 minute barrier, but several have been close. The closest stock class car to the 2 minute barrier is the AS BMW of Jon Barkee, with a 120.340. Brad Moffett is the first driver in the new Street Mod class.

The list includes members more than once if they have done it in more than one class, with Jim and Bonnie Mueller on the list three times each and several other listed twice. Taking off the duplications, there are only 44 members of the club.

And last but definitely not least with the slowest time of the club, a 119.998 for Bill Baugh.
