Old Business

Larison Rock HillClimb Recap

Bonnie Mueller reported the hillclimb was great, a lot of fun. She stated we had a lot of help this year from the club members and it was greatly appreciated. There were 3 new members to the under 2 minute club. There were several personal bests and several new class records. A round of applause went to Ruben Cruz and Pat Ezard for the work they did on the trophies.

Radio Timer Discussion

Bonnie Mueller reported the old radio timer worked flawlessly at the hill. The new timer was not used due to a lack of range.

Laser Light

Jim Mueller reported the laser light for timing needs to be replaced. Lorin Mueller will check to see if it can be handled through warranty.

New Business

Fire Extinguishers

Jerry Braunberger asked when we should have the fire extinguishers re-inspected. It was determined that June 2007 would be the best time to have it done as long as they are still displaying charged and ready.

Trailers

Bonnie Mueller stated the registration trailer is a mess after Larison Rock. Jerry Braunberger volunteered to put it in order.

Hand Held Radios

Pat Ezard stated that he has a contact who has a number of industrial radios to dispose of for a good price. Pat will check on the details and report at the next club meeting.

2007 Larison Rock HillClimb

Bonnie Mueller reported that the forest service has requested that next years event be held after July 15th in order to not disturb nesting owls. Within the next couple of weeks Bonnie will contact the forest service to see if the weekend of July 14th and 15th 2007 will work for them. Jerry Braunberger will contact ACCO and make them aware of a possible conflict next year.
