### **Old Business**

#### 2009 Sponsor Banner

Pat Ezard presented a digital display as an option in place of a banner. It was decided a banner would be purchased and displayed at event 3 and 4 and Pat will present other digital display options at the June meeting. It was agreed that the digital display would be the way to go for the future and get it purchased this year.

#### Recap Test and Tune

Bonnie Mueller reported it was a lot of fun and everyone had 10 runs. Bonnie thanked Bren Wamsley for doing registration.

#### Recap Event 1 and 2

Cheryl Baugh reported the event went very well. She received a lot of compliments on the fast course. It took less than 1 hour for tear down with all the help. Jerry Braunberger said it was a lot of fun. He reiterated that specific people need to be assigned to key positions. Rose Reinertson stated radio communication is very important between the spotter and the course workers. To eliminate missing workers because of Sunday no shows, Nathan suggested we have a mandatory check in on Sunday or the participant does not run. We will implement this at the next event. Bonnie Mueller requested that whoever is chairing the event be responsible for the worker clean up sign in sheet.

#### Trailer Maintenance Event

Jerry Braunberger reported the event was excellent. Everyone who said they would be there attended plus there were a lot of extras. The trailers look beautiful! He also stated the old awning has been donated to Edge. Many thanks were given to Jerry for coordinating this event.

#### Facebook – EESCC Forum

Bren Wamsley stated that Jim Owens has set up an EESCC Group on Facebook and would like to place our logo on the site. It was a consensus that the logo would represent EESCC ownership therefore the club does not want the logo placed on Facebook. We have our own forum that participants can use.

#### Website Photo & Video Sharing

Roger Hart said there was a lot of interest with having photos and video sharing available on our website. This discussion will be revisited at June's meeting when Tim Steck, our webmaster, is present.

#### Sound Metering

Bonnie Mueller stated there were a couple of cars that exceeded 97db and were allowed to run at Coca Cola. Our previously established rules should apply at all sites. Bruce Harmon volunteered to become our Sound Meter Chief. Bruce will see that sound meter workers know how to use the equipment. Sound meter crews will report via radio to the Safety Steward when a car exceeds our limit.

#### Helmets

Snell 2005 Helmets have been purchased and will be for sale at the events.

#### Astoria Club Packwood Event

For those who are not attending the Larison Rock HillClimb, you may be interested in the NWAA Practice Invitational in Packwood, WA July 3 – 5.

#### Street Mod Class

It was asked if we could have a "street tire" class established. It was decided that we have enough classes already.

#### Radio Transmitter

Bonnie Mueller requested that the FM radio transmitter be available at our events. Brad Moffett will set it up.
